Our Vision

VISION
To be among the best (top 20) academic health centers in the nation in research, medical education, and excellence in patient care.
DISCOVER
DISCOVER
The UC Irvine School of Medicine was ranked 42\textsuperscript{nd} among the nation's top 50 medical schools for research according to U.S. News & World Report.
UC Irvine’s Institute for Clinical & Translational Science received a $20 million Clinical Translational Science Award from the National Institutes of Health to help transform scientific discoveries into clinical advances.
DISCOVER
UC Irvine’s campus contains 12 research centers:
The Beckman Laser Institute
Cancer Research Center
(NIH Comp. Cancer Center)
Inst. Clinical Translational Science
(CTSA award)
CalIT2
Conti Center
DISCOVER
The UC Irvine Stem Cell Center is among the world’s leaders with regard to the use of stem cells to treat spinal cord injury (Hans Kierstead / Aileen Anderson and Brian Cummings) and macular degeneration (Henry Klassen).
DISCOVER

The Sue and Bill Gross Stem Cell Center, a CIRM building project, opened in May 2010. It is a 100,000 square foot research facility which includes a vivarium. ($8M 4th floor build-out – 2015)
TEACH
UC IRVINE HEALTH

EDUCATING DOCTORS

- 652 faculty (587 clinical / 65 basic science)
- 444 medical students (1.8% selectivity ratio – 3.67 GPA / 32 MCATS)
- 625 residents
- 54 fully accredited residency and fellowship training programs
- 25 departments
As part of its new iMedEd Initiative, the medical school developed a comprehensive, iPad-based curriculum, becoming the first in the nation to employ a completely digital, interactive learning environment.
The SonoSite Corporation provided medical students with handheld diagnostic ultrasound systems capable of viewing anatomical structures in real time.

UC Irvine is the first medical school on the West Coast and only the second in the country to incorporate ultrasound technology into all four years of curriculum.
The Medical Education Building is the 'greenest' building at UC Irvine, housing the latest technological advances in teaching.

The 65,000 square foot building, which opened in February 2010, includes patient simulators, clinical laboratories and telemedicine equipment.
IT has created over 25 roving robotic charting units equipped with two way communication for eventual telerounding.

These units are compatible with the electronic medical record, QUEST, that is in the process of being fully implemented.
UC Irvine Douglas Hospital, a seven-story 480,000 sq. foot hospital designed to optimize healing opened in 2009 providing 422 beds.

Inpatient days: 103,500 (7.4% of total)
Outpatient visits: 417,800 (14% of total)
Family Health Centers (Santa Ana and Anaheim): 22,000 lives (75,000 visits)
Charity care expenditures: $71 million
UCI MEDICAL CENTER

**Economic Impact: 2010**

- Total output: $1.5 billion
- Annual revenue (UCIMC): $638.5 million
- Jobs supported: 4,200 direct employees
  - 10,350 (full/part time)
- Labor income: $632 million
- Local and state taxes paid: $77 million
- OC impact: 87% of employment impact is in OC

UC Irvine • Health
OUR VALUES

ARI*SE:
- Accountability
- Respect
- Innovation
- Integrity
- Service (teamwork)
- Excellence
OUR CULTURE

A CULTURE OF CARING:

At UC Irvine, we pride ourselves on living in a culture in which each person seeking our expertise is treated as though they were “family” – with the same amount of caring, respect, and preservation of dignity that we would want for ourselves or our loved ones.
YOU...

- We are very proud that you have elected to join our faculty at UC Irvine.
- We are committed to making the coming years a time of growth for you both educationally and professionally.
- Your success and personal satisfaction from being here is the metric by which we measure our success.
In the time of your life, live-
so that in that wondrous time
you shall not add
to the misery and sorrow of the world,
but shall smile
to the infinite delight and mystery of it.

William Saroyan
1939
